#### 10. Educational Aims of the programme

This award is designed to balance the study of accounting and finance with a critical exploration of key issues and policy and regulatory developments that affect the accounting and finance sector and financial management decision-making. At the end of the programme students should be able to demonstrate:

- a conceptual understanding of financial decision-making in organisations
- an ability to apply this knowledge in practice
- a critical awareness of current issues, regulatory and policy developments relevant to the accounting and finance sector
