An honours degree in a related subject area

A professional qualification in a related area recognised for professional body membership and equivalent in academic terms to an honours degree

A qualification in a related area from a professional institution and not less than 3 years professional experience at a level approved by the Admissions committee.

## 16. Support for students and their learning

- 1) All students will be supported by a personal academic tutor and a dissertation supervisor who may be different
- 2) All students receive a student handbook
- 3) Student representatives are selected for both September and January starting students; staff-student consultative committees are held once per semester and representatives attend course committee meetings
- 4) A series of academic practice sessions have been established to support sessions spo50057>4004C50052005190003>40052/F1 1RQ0
